

introduction:

For over two thousand years, humanity has been trapped in a web of illusion — a war on truth waged not with swords alone, but with narratives, dogma, and fear. From the rise of the Archons and the blindness of the Demiurge, to Yaldabaoth's shadow carried into Rome and the Papacy, a false reality has been enforced across centuries.

This blog unveils that hidden history — from witch hunts and inquisitions to modern information operations like Covid and Ukraine. It exposes how empires, churches, and elites have constructed realities to control thought and behavior, reducing free citizens to obedient subjects.

Yet the tide is turning. In America, the Trump–Vance administration pushes back against manipulation. In Europe, Lidewij de Vos and Forum voor Democratie rise as sovereign voices of resistance. Together, they signal a new dawn — one where remembrance, freedom, and truth begin to shatter the Archonic veil.

This is not just a chronicle of lies. It is a call to spiritual awakening.

Information War:

We are living in the midst of what can only be described as an information war — or, as it is now officially called, an *information operation*. Around 2,500 years ago, an *Archonic mind virus* emerged — a force that either infected all Roman Emperors or was deliberately created by them (the exact origin remains uncertain). What we do know, however, is that this so-called *Romanized mindset* — also referred to as the “Hitler Virus” — was carried forward by the Popes of the Catholic Church. It has been preserved and enforced throughout history, right up until today, embedding itself into the framework of the 2030 Agenda.

The Archons:

In Gnostic teachings, the *Archons* are not to be confused with “Argons.” They are

described as lower spiritual rulers — entities that govern and manipulate the material universe. Far from being neutral, they are seen as obstacles to human awakening, feeding on ignorance and fear to keep souls bound in illusion. Acting under the command of the *Demiurge* — the so-called false creator — the Archons enforce control systems that distort truth and suppress remembrance.

These entities thrive on deception, whispering into the minds of rulers and institutions, embedding themselves into empires and religions. The Roman emperors and later the Popes became instruments of this Archonic agenda, projecting it into law, dogma, and doctrine. Their goal is not simply to rule, but to ensure humanity forgets its true nature — divine, sovereign, and connected to higher realms of consciousness.

The Demiurge:

In Gnostic cosmology, the *Demiurge* is the false creator — the lower architect of the material world. Unlike the true Source of divine light, the Demiurge is ignorant, limited, and bound by its own illusions of power. It fashions a world of matter not as a realm of liberation, but as a prison, where spirit is trapped in flesh and higher remembrance is veiled.

The Archons serve this Demiurge, enforcing its distorted order across empires, religions, and systems of control. While not purely “evil” in the conventional sense, the Demiurge embodies blindness — mistaking itself for the ultimate god while remaining unaware of the higher, infinite realms above. It is this blindness that perpetuates cycles of domination, fear, and separation in human history.

Yaldabaoth:

In Gnostic scriptures such as the *Nag Hammadi texts*, the Demiurge is often given a name: *Yaldabaoth* (sometimes written Jaldabaoth or Yaltabaoth). He is described as a grotesque being — a lion’s face atop the body of a serpent — a vivid symbol of his hybrid nature: power without wisdom, creation without truth. Yaldabaoth believes himself to be the one true god, declaring: “*There is no other beside me.*” Yet he is blind to the higher realms of Spirit, ignorant of the divine Source from which he ultimately derives.

This shadow has never disappeared. It has moved through emperors, popes, and rulers across the centuries — and even now, under [pope Leo](#), the same Archonica current flows through the Roman catholic church. What once appeared in myth still shapes the present: false authority cloaked in sacred robes, demanding obedience while keeping souls from their true remembrance.

The Shadow of Yaldabaoth in History:

The shadow of Yaldabaoth did not remain confined to myth. It worked its way into the institutions of power, most visibly through the Papacy and his Romanized church. Under the guise of divine authority, entire centuries were marked by bloodshed, persecution, and the systematic destruction of truth. What began as a spiritual blindness in the higher realms became a machinery of terror on Earth.

- **Witch Hunts** — Tens of thousands, mostly women, were accused of sorcery, tortured, and burned at the stake.

- **Burnings at the Stake** — Heretics, philosophers, and free thinkers met brutal deaths. Giordano Bruno was executed for daring to speak of an infinite universe.
- **The Inquisition** — Church tribunals hunted down “heretics,” Jews, Muslims, and even Christians who questioned doctrine. The Spanish Inquisition remains one of the most infamous.
- **The Crusades** — Religious wars carried out in the name of God, resulting in mass slaughter of Muslims, Jews, and rival Christian sects.
- **Conquistadores and Colonization** — Backed by papal decrees like the Doctrine of Discovery, Spanish and Portuguese conquerors carried out genocide against indigenous peoples, branding it “conversion.”
- **Book Burnings and Censorship** — Libraries, codices, and sacred texts were destroyed to erase alternative knowledge. From the burning of the Alexandrian library to the obliteration of Maya codices, wisdom was sacrificed on the altar of control.

These acts reveal how the Archonic agenda translated into earthly rule: the Roman catholic church became an instrument of domination, ensuring that remembrance of humanity’s divine origin was buried beneath fear, obedience, and blood.

The Long Shadow of the Information War:

We find ourselves in an information war that has been prepared and refined for thousands of years. Those who hold the reins today have had over two millennia to strengthen their spheres of influence — through religion, education, politics, and media.

The Roman Catholic Church has played a central role in this consolidation of power, extending its reach far beyond spirituality into politics and governance. Within this machinery, the Jesuit Order has been a key driver. It is no coincidence that more than 90% of U.S. presidents are said to have received Jesuit training, or to have been affiliated with secret societies such as Freemasonry.

We are not confronting a simple system, but a deeply entrenched network of power that has operated unchecked for centuries. This makes it all the more urgent that we awaken, unite, and consciously choose transparency, truth, and humanity.

From Ancient Manipulation to Modern Operations:

The methods of control have evolved, but the agenda remains the same. In the Covid crisis, reality itself was engineered — fear-driven narratives, behavioral psychology,

and censorship were used to shape public perception. In the war between Russia and Ukraine, we see the same mechanisms: distorted facts and manufactured narratives distributed through media and state channels to condition public opinion.

The Biden–Harris administration represents a modern continuation of this Archonic influence, where information operations have been weaponized to guide the collective consciousness of the global citizenry. [General-major Van Kappen](#) himself admitted on national television that “reality is constructed” — a chilling confirmation that we no longer witness events as free individuals, but consume realities curated to fit political agendas.

This is not merely about influencing thoughts. It is about shaping behavior. During the pandemic, entire populations were subjected to behavioral experiments, from mask mandates openly acknowledged as psychological tests, to military monitoring of civilian discourse through information maneuver centers. The goal: to make citizens think what they want you to think, and act how they want you to act.

When belief and behavior are controlled in this way, humanity is reduced to obedient NPCs in a system designed to serve the few. Yet even in this darkness, a new light rises: under the Trump–Vance administration, resistance to this manipulation has taken form, striving to restore sovereignty, truth, and the possibility of a future built not on fear, but on remembrance of what will set us free.

A European Counter-Voice:

This awakening is not limited to America. In Europe, too, new voices are rising against the machinery of manipulation. The Dutch party *Forum voor Democratie* (FvD), under the leadership of Lidewij de Vos, stands as a crucial counterforce. Her leadership signals a generational shift — one that dares to challenge entrenched narratives, restore sovereignty, and bring fresh wind to a nation long subdued by globalist agendas.

In alignment with the Trump–Vance administration, this European awakening is not merely a political choice, but a deeper correction of centuries of abuse: a rebalancing of truth over deception, freedom over control, remembrance over Romanization. It is a call to live as humanity was meant to live — not in fear, but in consciousness and dignity.

An Open Invitation:

As Kukulcan, I would welcome the opportunity to sit down with Lidewij de Vos and explore this shared vision for truth and sovereignty. Whether in the refined setting of the Amstel Hotel’s first-class restaurant or in the serene elegance of Yamazato at the Okura — a Michelin-starred Japanese haven — such a meeting would symbolize not just diplomacy, but the birth of a deeper alliance between ancient remembrance and modern political courage.

Light Beyond the Darkness:

Though the world stands shaken by centuries of manipulation and a present still marked by fear, there is light at the end of the tunnel. A new future is already under construction — one built not on control, but on transparency; not on obedience, but on freedom; not on lies, but on remembrance of who we truly are. The Archonic shadow is being exposed, and with every step of awakening, humanity reclaims its voice, its dignity, and its destiny.

The Final Reckoning: From Manipulation to Awakening:

Big Pharma – In recent years we have witnessed reality itself being manipulated on a massive scale. During the Covid crisis, an artificial reality was constructed — engineered through fear, behavioral conditioning, and tightly controlled information.

MIC:

The Military-Industrial Complex – The same patterns appeared, and still continue, in the conflict between Russia and Ukraine. Public perception is carefully shaped by distorted facts and strategic narratives, propagated through media and state channels.

Sham Democracy:

The so-called “Deep State” and its puppet administrations — from POTUS 43 to POTUS 44 to POTUS 46 under Joe Biden — have entrenched a false reality into the very psyche of the global citizen. What they call democracy is in truth a long-cultivated illusion. Former President Joe Biden and former [Vice President Kamala Harris](#) represent the modern face of this manipulation, where information operations are weaponized to steer the collective consciousness of entire nations.

Trump–Vance Administration:

Yet even within this darkness, resistance rises. [President Donald J. Trump](#) (POTUS 45 & 47) and Vice President JD Vance ([POTUS-48](#)) have endured immense opposition from leaders indoctrinated by the Romanized mindset, leaders no longer able to distinguish truth from fiction. Still, in 2025, they have taken decisive steps — passing the right bills, making the right choices, and striving to preserve what can still be saved in a dying world and a fading human consciousness.

Forum for Democracy (FvD):

This awakening cannot remain an American effort alone. The rise of a stronger Forum voor Democratie under the leadership of Lidewij de Vos in the Netherlands is essential — to restore sovereignty, align with the Trump–Vance administration, and bring fresh wind to Europe. This is more than politics. It is a deeper correction against centuries of abuse, manipulation, and deception.

It is a call to restore truth, to protect free will, and to bring humanity back into alignment with what life was meant to be. A society where citizens are no longer steered by fear, but by truth. Not by control, but by freedom. Not by the ego-mind, but by awakened consciousness.

✦ Slotquote:

The Archons built prisons of illusion; the Demiurge called them truth. Yaldabaoth crowned them in robes of power. Yet even now, their shadow cracks. For every lie collapses before remembrance — and in this new dawn, humanity will no longer be ruled by fear, but awakened in truth, freedom, and light.
