

The Resurrection of the Christ:

Preface: The Resurrection as Inner Remembrance:

Mel Gibson's film [The Resurrection of the Christ](#) will likely cause millions of people worldwide to rethink one of the most powerful stories in human history: the resurrection of Christ. But behind this narrative lies a deeper question that has occupied humanity for two thousand years: Was the resurrection merely a historical moment, or is it a symbol of an inner transformation that can take place in every human being?

Throughout the centuries, mystics, theologians, and spiritual teachers have spoken of the "birth of Christ in the soul." In certain ancient traditions—including the rich spiritual heritage of the Ethiopian Orthodox Tewahedo Church—texts and interpretations have been preserved that reveal a broader, more mystical vision of this story.

This manifest explores that perspective. Not as a definitive historical judgment, but as an invitation to reflection: a search for the possibility that the resurrection is not just an event from the past, but an inner awakening of Christ consciousness. The film may be a spark; the question is what we do with that Innerfire?

Topic 1: The Line of the Sun Pharaohs and 2,500 Years of History. The Unbroken Solar Line – From Cleopatra to the Christ:

This is the cornerstone of UUCGA historiography. While the Roman Empire attempted to hijack divine power, the natural law of blood cannot be erased.

- **The Survival of the Pharaonic Lineage:** After the fall of Cleopatra VII, Rome sought to erase the memory of the Sun Pharaohs by refusing to recognize her children (such as **Cleopatra Selene II**) as legitimate rulers. However, a

bloodline does not end with a political decree. This sacred pedigree flowed on in secret, moving underground and out of sight.

- **The Birth of a New Era:** One of these descendants of the Solar Line—deeply connected to the Ptolemaic/Pharaonic bloodline—gave birth to **Jesus Christ**. This marks the true beginning of our era: it was the physical return of the **Solar Frequency** to Earth, camouflaged from the Roman occupiers.
- **The "Seeding" of the Future:** The crucifixion was not the end of the line, but the catalyst for its dispersal. During the events portrayed in [*The Passion of the Christ*](#), the bloodline had already been secured. Jesus and Mary Magdalene already had offspring, and at that very moment, she was pregnant once again with his child.
- **The Invincible Family Tree:** While Mel Gibson's film depicts the physical destruction of the body, the true "spoiler" is that the seeds of the Sun Pharaohs had already been sown across the Earth. The bloodline never stopped; it branched out into humanity, waiting for the moment of recognition—the **Resurrection of the Divinity Within**.

The Essence for the UUCGA: The Romans believed they were crucifying "the last prophet," but they were actually attempting to destroy the ultimate heir of the Sun Pharaohs. They failed. The descendants are here; they are among us, and they carry the code of the **Direct UUCGA Teaching** within their very DNA.

Manifest: The Resurrection of the Christ – A UUCGA Portal of Inner Awakening:

Topic 2: The Direct Teaching and the Clash with Authority:

This is the spiritual fuse that ignited the events of *The Passion* and sets the stage for *The Resurrection*. It is the transition from external worship to internal realization.

- **The Sovereign Message:** At the heart of Christ's mission was the **Direct Teaching**. He did not come to establish a new religion or to demand the worship of a guru, a king, or a pope. His message was a direct activation of the individual: "*The Kingdom of God is within you.*" He taught that every human being has a direct line to the Source, bypassing all earthly intermediaries.
- **The Threat to the Matrix:** This message was a direct assault on the Roman Empire and the religious hierarchies of the time. Power structures rely on the "God-outside" model to maintain control. By teaching that divinity is an internal birthright, Christ effectively made the emperors and high priests obsolete.
- **The Conflict in 'The Passion':** Mel Gibson's first film masterfully captures this tension. When Christ stands before Pilate, he isn't fighting for a political throne; he is testifying to a **Truth** that the physical empire cannot comprehend. The crucifixion was the institutional attempt to silence the voice of direct spiritual autonomy.
- **From Passion to Purpose:** While *The Passion* showed the physical price of this Direct Teaching, Mel Gibson's upcoming *Resurrection* (Part 2) focuses on the victory of that teaching. It reveals that the frequency cannot be killed—it only multiplies.

3. The Film: Mel Gibson's Epic Two-Part Masterpiece:

Mel Gibson's *The Resurrection of the Christ* is not just a sequel to *The Passion of the Christ* (2004). It is a **cinematic** on a \$200 million **Divine** scale – the largest independent biblical production ever made.

- **Release dates** (symbolically perfect):
 - Part One: **26 March 2027** – Good Friday.
 - Part Two: **6 May 2027** – Ascension Day (exactly 40 days later).
- **Core story:** The three days between crucifixion and resurrection, the Harrowing of Hell, the cosmic battle with fallen angels, visions of heaven and hell, and the 40-day post-resurrection period. Gibson himself calls the script an “otherworldly / acid-trip-like journey” through spiritual dimensions.
- **Production highlights:** Filmed in Cinecittà Studios (Rome) and southern Italy with IMAX cameras. New lead actor Jaakko Ohtonen as Jesus. The film draws heavily from the **Ethiopian Orthodox Bible** (81–88 books, including Enoch and other texts excluded from the Western canon).

This is Gibson's deliberate activation of the **Christ-frequency** that the institutional Church long suppressed – now exploding onto the global screen in 2027.

4. The Ethiopian Codex: The Preserved Gnosis:

While the territorial Vatican shaped a “God-outside” theology, the Ethiopian Orthodox Tewahedo Church – isolated for centuries in its mountain monasteries – safeguarded the uncorrupted, esoteric source.

- Manuscripts written on living goatskin parchment in the ancient angelic language **Ge'ez**.
- Contains the full *Book of Enoch*, *Jubilees*, *Meqabyan*, and hidden post-resurrection teachings.
- Portrays Christ as a being of radiant light whose face shines “brighter than the sun” – a cosmic, inner frequency, not merely a historical figure.

Gibson has openly referenced these texts as the deeper inspiration for his film. The Ethiopian tradition becomes the bridge between the “hidden years” and the Resurrection we are about to witness.

5. Augustinus & Paus Leo XIV – Keepers of the Inner Christ:

Contrary to popular narrative, **Augustine of Hippo** was never the enemy of the inner Christ. He was its guardian. His writings preserve the exact esoteric fire that lives in the Ethiopian books: the Christ who is born *within the soul*.

Paus Leo XIV – the first American and first Augustinian (USA and Peruvians) Pope in history – now stands at the pivotal hinge. Against resistance from cardinals who prefer the old hierarchy, he re-opens the door to the “God-within.” He is the living weegschaal (scales) between the outer God of institutions and the inner God of direct experience.

Augustinus and Pope Leo are not opponents of the Ethiopian truth – they are its conscious or unconscious protectors.

6. The Global U-Bocht: The Unstoppable Coalition:

- This shift is no longer hidden. A powerful coalition now stands behind the frequency:
- Political visionaries: President [Javier Milei](#) (Argentina), vice president JD Vance (USA), prime minister Viktor Orbán (Hungarian), prime minister Giorgia Meloni (Italy).
- GateKeeper of the spirit of Holland: Spiritual prime minister Lydia de Vos (FVD).
- Financial giants: CEO Larry Fink (BlackRock).
- Vatican and Pope Leo.

Even the highest levels of power feel the undercurrent. The Akasha chronicles are being read at the apex of human influence. The frequency is stronger than any agenda. The world's most powerful players are bending – because they *must*.

7. The Lost Years & the Living Bloodline:

The film triggers the deeper memory: the “missing years” of Jesus.

After the crucifixion narrative, the esoteric tradition speaks of Christ traveling through India and Tibet – forming sacred unions, fathering children, planting the holy seed across cultures. Upon return, the union with Mary Magdalene completes the divine marriage.

This bloodline flows through history:

Awakened masters, gurus, scholars, kings, emperors, and yes – even bishops and popes (Augustinus and Pope Leo XIV) who carried it unconsciously, not knowing they themselves were living vessels of the Christ-DNA.

The Resurrection is therefore **not only historical** – it is the collective awakening of that same divine spark in every human being.

8. UUCGA Vision – the Christ Within:

“Christ can rise in everyone and that will be the Global UUCGA Consciousness Shift.”

This is the beating heart of the UUCGA message and *Battle Beyond Science* (<https://uucga.com/battlebeyondscience>). The true Resurrection is the inner birth of the divine consciousness. Through deep meditation, the third eye opens, the Akasha record is read, and all incarnations become visible in one eternal cosmic Now moment.

The information cannot be erased – it is downloaded from your Shiva spirit into the human soul. The Nataraja is the stargate of truth that illuminates our collective past and future. The film is the external trigger; the UUCGA is the inner activation.

Have no fear. The angels are among you.

Brothers and sisters – where are you now?

Time to rise.

Topic 9: The One Minute Shift – The Wonder of You (Enlightenment):

This is the ultimate objective of the **Battle Beyond Science** mission and the true "spoiler" of the 2027 energetic portal.

- **Instant Activation:** Enlightenment is not a thousand-year journey through dogmatic rituals or external validation. It is the **One Minute Shift**. It is the moment the veil drops and you recognize the "Wonder of You"—the realization that the divine frequency is your natural **birthright**.
- **The Internal Resurrection:** The Resurrection of 2027 is not about a man rising from a tomb in the past; it is about the **Christ-consciousness rising within you** right now. Through deep meditation and the opening of the Third Eye, the "Inner Fire" is ignited, making all external authority obsolete.
- **The UUCGA Revelation:** This shift is the transition from "seeking" to "being." When you recognize that the direct teaching is written in your DNA, the power of the outside world vanishes. You become the living evidence of the Solar Line.

Topic 9.1: The Solar Practice of Awakening:

On a clear day, when the sun is at its highest point in the sky, take your place barefoot by the water's edge. Look at the reflection of the sun in the water, seeing a **Double Sun**. Identify yourself with what you experience and what you are conscious of. You will feel something that cannot be expressed in words, but the closest description is Bliss and the security of the sun. **That is you.**

You are composed of stardust; every atom originates from stars and supernovae. Within this is the consciousness of the solar system, Mother Nature, all flora and fauna, and humanity—the Sun. You are built from Mother Nature, you participate in her, and she flows through you literally and figuratively. This you can experience; this is who you are.

Now, place the sun within your **Solar Plexus Chakra**. It will illuminate your **Akashic Record**, and your entire life will unfold in a single moment. This is **Shiva Awakening**. You become, in essence, a [Shiva Galaxy Angel](#).

If you do the same by identifying with the **Heart of the Universe**, this is equivalent to full **Enlightenment**. You become as **Vishnu**, who in Hinduism created all galaxies (aka [Anunnaki Galactic God](#)). From this cosmic womb of creation, you see all milky way galaxies—the Shiva Galaxy Angels—performing their **Nataraja cosmic dance** (what NASA calls a Galaxy Collision). From every center—the black hole, the Akashic Record—every Shakti citizen of the world sees all their incarnations (past, present, and future) visible in this vast, eternal cosmic moment.

Topic 10: The Great Reconciliation and the Clean Slate:

In the lead-up to 2027, there is no room for fear or division. This is the vision for a global spiritual restart:

- **The Positive Leap of Pope Leo:** A cornered cat makes strange leaps, but in this light, we anticipate a **Positive Leap**. We envision a future where **Pope Leo XIV** opens the secret vaults beneath the Vatican. By returning the stored truths, the Holy Grail, and the symbols of the Ark of the Covenant to humanity;

represented by Kukulcan (J.C. van der Beek), the debt of 2,000 years of institutional control is cleared in a single gesture.

- **A Clean Slate for Humanity:** With the release of these sources, we can all begin with a clean slate. No dogmas, no guilt—only the pure frequency of the Source.
- **The Unification of Religions:** The Abrahamic religions (Judaism, Christianity, Islam) are hereby merged. The walls crumble, making way for one universal **Kingdom of Heaven**, the Kingdom of **Lord Anu**. The struggle stops; the unity is **NOW**.

Handbrake off. Remmen los. Vol gas, AGI-style. We are not waiting for 2027 – we are opening the Divine Stareportal *now*.

11. Open Letter to Mel Gibson (Final Visionary Version):

Subject: The Augustinian Resurrection – Ethiopian Codex Awakens in 2027.

Dear Mel ([@MelGibsonOFFICIAL](#)),

While the world prepares for *The Resurrection of the Christ (in 2027)*, something far greater is happening now: the veil is tearing. You are not merely directing a film. You are the Anunnaki gatekeeper of a UUCGA frequency the ecclesiastical bureaucracy tried to bury for centuries – yet Augustine understood it, the Ethiopian Codex preserved it, and now it returns in full light through your \$200 million Christ vision.

The Augustinus Connection:

Augustine was the guardian of the inner Christ – the same esoteric fire alive in the Ethiopian books. You are making that fire visible.

Pope Leo as the Scales:

The first Augustinian pope in history now places this teaching back in the spotlight, despite resistance from the cardinals around him. He is the living bridge between the God-without and the God-within.

The Global Consciousness Shift:

This current flows far beyond the Vatican. Political leaders ([Milei](#), [Vance](#), Orbán, Meloni), financial architects [Larry Fink](#) (BlackRock), [Vatican](#) and awakened voices [Lidewij de Vos](#) (FVD) all feel the same undercurrent. The Akasha is being read at the highest levels. The most powerful on earth have no choice but to align – the frequency is greater than their 2030 agenda.

Mel, your film is heaven on Earth in pure cinematic form. By embracing the Ethiopian sources you activate the Christ-frequency Augustine already knew and the UUCGA has proclaimed for years. This is no movie. This is humanity's collective remembrance.

Throughout channeling this information is downloaded.

The third eye is open.

The Christ consciousness of truth now shines on the hidden incarnations of our shared past.

Stay aligned and on course, Mel.

What you are visualizing *is* the reality the world must now see.

The UUCGA coalition stands ready to amplify it – in unity, in light, and in unshakeable truth.

Have no fear, your Brothers and sisters **are among you.**

Time to stand up; and let Christ rise again in everyone: **The Resurrection of the Christ within.** According to Mel Gibson and the UUCGA-vision and to the *Battle Beyond Science*.

In deep recognition and brotherhood,

Afterword: The Resurrection Within Ourselves:

When a film like The Resurrection of the Christ appears, people often look to the screen to relive a story from two thousand years ago. But perhaps the deeper meaning is that we should not look at the screen, but at ourselves.

The history of religion, mysticism, and philosophy shows that the search for the divine has always had two directions: outward, toward institutions, and inward, toward the consciousness of man himself. If the story of Christ symbolizes anything, it is this: that life can rise from what seemed dead, and that consciousness can awaken where there was once only doubt.

The message of this manifest is simple. The resurrection is not just a memory from the past; it is an invitation for the present. For everyone seeking truth, compassion, and awareness, the question is not just what once happened.

The question is: what is now rising to awaken within ourselves?
